 **Attribution** — You must give [appropriate credit](#), provide a link to the license, and [indicate if changes were made](#). You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use.

 **ShareAlike** — If you remix, transform, or build upon the material, you must distribute your contributions under the [same license](#) as the original.

No additional restrictions — You may not apply legal terms or [technological measures](#) that legally restrict others from doing anything the license permits.

Comments/Summary

The source provides good foundational graphics on resume writing. They will not be sufficient on their own to support the introductory module but may be a good addition to other content. It is slightly dated, but the information is not incorrect. Using icons, colors, and illustrations makes the content engaging and easy to understand. I'm confident there are other more updated graphics that will better support the early modules.

Will continue to look for more applicable materials, but will definitely keep this one in the content library as an option.
